# ACLA Course Highlights

## GENERAL ENGLISH

Our General English can be taken at three intensities with flexible scheduling and is available from introductory to advanced levels. The program develops skills in five areas: Reading, Writing, Listening, Speaking, and Critical Thinking.

## BUSINESS ENGLISH

Lessons integrate skills and incorporate vocabulary, discussions, case studies, and role play. Communication skills include meetings, negotiations, presentations, telephone calls, and writing e-mails and letters.

## IELTS PREPARATION

Combine General English with the language and communication skills needed to achieve a good IELTS score, including skills and exam practice needed for the 4 parts of the test: speaking, listening, reading, and writing.

## CULTURAL ACTIVITY PROGRAM

In addition to General Language classes, students in the Cultural Activity Program have the opportunity to explore Canadian culture. Students explore Canadian history, nature music, art, food, and literature through a variety of activities both in and out of the classroom. Students practice their language skills by engaging with the community and reflecting on their experiences through blogging or journaling.

## ACADEMIC ENGLISH

The English for Academic Purposes Program aims to equip students with the language, study, and organizational skills necessary to participate effectively in an academic setting. The course aims to consolidate and extend core language skills, build academic skills, and encourage and develop self-directed learning skills.

## UNIVERSITY PATHWAY PROGRAM

The University Pathway Program is essentially the same as the English for Academic Purposes Program. Students wishing to continue their studies at one of our University partners must complete Eurocentres Level 7 in English for Academic Purposes in order to enter university without the need for a formal English Language Proficiency test such as the IELTS.

Also available: SSEAL, Junior EAL, Lunenburg Live remote learning.
